Together for Humanity is a foundation that was formed to promote appreciation and Cooperation of all people regardless of their differences.

Join us for dinner on the **16th September** at The Soldiers Club at **6.30 for 7.00pm** to hear **Christian, Jewish and Muslim** leaders promoting their objective to shift people away from prejudice towards appreciation and cooperation.

The bottom line - Cross cultural appreciation and cooperation needs to be addressed for the sake of our future. Rotary believes understanding can only come from discussion.
